

IN THE CLAIMS

Claim 1 (currently amended): A golf ~~practising~~ practicing device comprising:

a base including a first end for supporting a ball to be swung or put by users, and including a second end,

a plurality of sensors disposed along said base for sensing a movement of the ball along said base,

a displayer device, ~~and~~

a processor device coupled to said sensors for receiving signals from said sensors and for treating the signals from said sensors and for sending treated signals to said displayer device and to be displayed on said displayer device, and

a housing disposed on said second end of said base for supporting said sensors, said housing including an upper panel for supporting said sensors, said sensors being facing downward toward said base.

Claim 2 (currently amended): The golf ~~practising~~ practicing device according to claim 1, wherein said base includes at least one side having a fence disposed thereon, said sensors are disposed on said fence and facing toward said base.

Claim 3 (currently amended): The golf ~~practising~~ practicing device according to claim 2, wherein said fence includes a plurality of bars secured together.

Claim 4 (currently amended): The golf ~~practising~~ practicing device according to claim 3, wherein a first of said bars includes a cavity formed therein, and a second of said bars includes a tongue extended therefrom and engaged into said cavity of said first bar for securing said first bar and said second bar together.

Claim 5 (currently amended): The golf ~~practising~~ practicing device according to claim 4, wherein said first bar includes a first terminal disposed in said cavity thereof, and said second bar includes a second terminal disposed on said tongue for engaging with said first terminal when said tongue is engaged into said cavity of said first bar.

Claims 6, 7 (canceled).

Claim 8 (currently amended): The golf ~~practising~~ practicing device according to claim ~~7~~ 1, wherein said housing includes an indicator

disposed on said upper panel for aiming purposes.

Claim 9 (currently amended): The golf ~~practising~~ practicing device according to claim ~~6~~ 1, wherein said housing includes at least one side panel having a cavity formed therein, said base includes at least one side having a fence disposed thereon, said fence includes a tongue extended therefrom and engaged into said cavity of said at least one side panel for securing said fence to said at least one side panel of said housing.

Claim 10 (currently amended): The golf ~~practising~~ practicing device according to claim 9, wherein said at least one side panel includes a first terminal disposed in said cavity thereof, and said fence includes a second terminal disposed on said tongue for engaging with said first terminal when said tongue is engaged into said cavity of said at least one side panel.

Claim 11 (currently amended): The golf ~~practising~~ practicing device according to claim 9, wherein said processor device is secured onto said at least one side panel of said housing.
